## Why Do I Need to Pack a 72-Hour Kit ?

# 72-Hour Kit

During and after a disaster, first responders need to respond to the emergency itself and first help those in most critical need. If you are ready, you can play a part in effective response and recovery, and assist first responders, neighbors or family members. Prepare emergency supplies for the following situations:

- A disaster supply kit with essential food, water, and supplies for at least three days—this “READY” kit should be easy to carry and kept in a designated place in case you have to leave your home quickly because of a disaster, such as a flash flood or fire. Make sure all household members know where the kit is kept.
- You may be asked to “shelter in place.” Consider having additional supplies for sheltering or home confinement for extended periods of time.
- You should also have a disaster supply kit at work. It should be in one container and easy to carry in case you have to evacuate the building quickly.
- A car kit of emergency supplies, including food and water, to keep in your car at all times. This kit should also include flares, jumper cables, and seasonal supplies.

*Make a Plan. Make a Difference.*

201 W. Colfax Avenue, Dept. 707  
Denver, Colorado 80202

1.800.639.READY (7323)

*A public awareness campaign supported by public and private partners concerned with homeland security and all-hazards preparedness.*

*Make a Plan. Make a Difference.*

In the event of a disaster, you may need to survive on your own for three days or more. This means having your own water, food and emergency supplies on hand and is an important part of your disaster plan.

# PACK A KIT CHECKLIST

# READY PACK A KIT CHECKLIST

Assemble *READY* kits to keep at home, in each vehicle and at work.

Store your disaster supplies in a sturdy, but easy-to-carry container. A large covered plastic bin or trash container, overnight backpack or duffel bag will work. Keep a smaller version of the kit in your vehicle. If you become stranded or are not able to return home, having some items with you will help you be more comfortable until help arrives.

- Water** (one gallon per person per day)
- Food**  
Pack non-perishable, high-protein items, including energy bars, ready-to-eat soup, peanut butter, etc. Select foods that require no refrigeration, preparation or cooking and little or no water.
- Flashlight** (include extra batteries)
- First Aid Kit** (see checklist below)
- Medications** (see checklist below)  
Prescription and non-prescription items
- Battery-operated radio** (include extra batteries)
- Tools**  
A wrench to turn off gas if necessary, a manual can opener, screwdriver, hammer, pliers, knife, tarp and garbage bags with ties. Contact professionals to turn gas back on.
- Clothing**  
A change of clothes for everyone, including sturdy shoes and gloves.
- Personal items**  
Remember eyeglasses or contact lenses and solution; copies of important papers, including identification cards, insurance policies, birth certificates, passports, etc.; and comfort items such as toys and books.

- Sanitary supplies**  
Toilet paper, feminine supplies, personal hygiene items, bleach, etc.
- Money**  
Have cash. (ATMs and credit cards won't work if the power is out.)
- Contact information**  
Carry a current list of family phone numbers and e-mail addresses, including someone out of the area who may be easier to reach if local phone lines are out of service or overloaded.
- Pet supplies**  
Include food, water, leash, litter box, tags, any medications and vaccination information.
- Map**  
Mark an evacuation route on it from your local area.
- Special items**  
Include any necessary items for infants, seniors and people with disabilities in your kit. Having some items with you will help you be more comfortable until help arrives.
- Meeting place** (see communications cards below)  
Pick a place for family members to meet in case you are separated during a disaster.

## FIRST AID SUPPLIES CHECKLIST

- First aid manual
- Sterile adhesive bandages in assorted sizes
- Assorted sizes of safety pins
- Cleansing agents (isopropyl alcohol, hydrogen peroxide)/soap/germicide
